

Script for presenting a specific tool on the RPD Workshop 13th of May 2023

<https://ip-lawyer-tools.com/unveiling-the-program-for-the-radical-robot-patent-drafting-workshop-on-may-13-2023/>

This is what the presenters say:

“Good Day. My name is <name> and I will today show you in baby steps how to use the tool <tool name> for drafting a patent application.

My starting point is in the technical area of *(select one)*

- Methods & Processes
- Electronics with schematics
- Mechanics with technical drawings
- Software with flowcharts/Nassi-Shneiderman diagrams

and I am using this starting point *(select one)*

1. Invention disclosure (no claims)
 - a) No figures, no reference numerals, only text
 - b) Figures + text, but no reference numerals
 - c) Figures + text + reference numerals
2. Claims
 - a) No figures
 - b) Claims + figures
3. Claims + invention disclosure
4. Old patent application + add-on paragraph + add-on figure

I will do **US drafting /Non-US drafting** *(select one)* style.

I have compiled **the starting document** from this published source material *(select one)*

EPO Paper A 2001

DE102020209371, filed by Robert Bosch GmbH.

US2021011775, filed by the Hewlett Packard company

I will now walk you in baby steps through the process of drafting a patent application. Please note: only Training Seat Participants can interrupt me and ask questions. The Observer Seat Participants are kindly requested to post their questions into the Group Chat.”
